## **WINTER REMINDER**

Winter weather can cause long lasting service issues with road erosion, making them impassible, or blocking roads and access to containers.

As many local roads are private and not publicly maintained it is important for neighborhoods to work together to ensure that their roads are safe and accessible for large trucks.

Snow can easily re-freeze into ice, so keeping your roads well sanded or clear can help to ensure your roads are accessible for service. It's also important to keep snow cleared from around your containers and enclosures so that the driver can complete your services.

### **Town Of Paradise Waste Tire Event**

The Town will be hosting a Tire Amnesty day in May. This event will allow local residents an opportunity to dispose of old tires free of charge. There is a limit of 9 tires per vehicle but multiple trips are okay. Tires can be up to 43" and tires with rims are accepted. Tires from waste tires businesses will not be accepted. The date for this event will be announced in April. Stay tuned for more details!
