Commercial Fall Newsletter October-December 2026

SB 1383

COMPLIANCE IS REQUIRED

If your business has not yet set up required recycling and organics services, now is the time.

YOUR BUSINESS NEEDS TO:

1

Have the right services.

Make sure you have landfill, recycling, and organics collection services.

2

Provide the right containers.

Place appropriately labeled containers where employees, customers, and others can use them.

3

Sort materials correctly.

Keep recyclables, organics, and landfill waste in their designated container.

4

Keep your team informed.

Employees and others using your waste containers should know what belongs in each stream.

HAVEN'T SET UP YOUR SERVICES YET?

Representatives from the Town of Paradise, NRWS, or the State may conduct site visits as required under SB 1383.

If you believe your business qualifies for an exemption, please contact the NRWS office at 530-876-3340.

Need educational posters, flyers, or stickers about sorting?

Contact NRWS at 530-876-3340 or visit our website at NorthernRecycling.biz.

SORT IT RIGHT:

Keep recyclables, organics, and landfill materials in the right cart. Proper sorting helps prevent contamination & keeps your business in compliance.

RECYCLING

EMPTY • CLEAN
• LOOSE

- Cardboard & paper
- Aluminum & metal cans
- Glass bottles & jars
- Plastic bottles & containers
- Cartons & paperboard

Empty • Rinse • Keep Loose

ORGANICS
